

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 93-79

NATIONAL ESTUARY PROGRAM
SAN FRANCISCO ESTUARY PROJECT

WHEREAS:

1. The San Francisco Bay-Delta Estuary (Bay-Delta Estuary) is a natural resource of national significance; and
2. The Congress has enacted, in the Water Quality Act of 1987, the National Estuary Program which designates the Bay-Delta Estuary a priority estuary of national significance; and
3. The Congress has directed the U.S. Environmental Protection Agency (EPA), with the assistance of the states, to develop a Comprehensive Conservation and Management Plan (CCMP) for the control of pollution and future management of the Bay-Delta Estuary; and
4. The Governor has nominated the Bay-Delta Estuary as an estuary of national significance and delegated the State Water Resources Control Board (State Water Board) to participate in development of a CCMP; and
5. The Congress has authorized the expenditure of \$60 million for five years to develop conservation and management plans for all estuaries included in the National Estuary Program; and
6. With the adoption by the Management Committee of a CCMP, the San Francisco Bay Regional Water Quality Control Board, with assistance from the Association of Bay Area Governments (ABAG), will review and prioritize CCMP actions and facilitate pre-implementation discussions.
7. Before the CCMP can be implemented, the Bay Conservation and Development Commission must find it consistent with the Coastal Zone Management Act, and it must be signed by the Governor and the EPA Administrator.
8. A workplan for the proposed cooperative agreement amendment has been developed and agreed to by EPA and the San Francisco Bay Regional Water Quality Control Board.

THEREFORE BE IT RESOLVED:

That the State Water Board amend the current grant (No. CE-009882-01) by increasing it by \$95,000 and thus accept a total grant of \$275,000 in the years 1992 through 1994, or until final signature of the CCMP by the EPA Administrator. The funds from this grant are to be devoted to the San Francisco Bay Regional Water Quality Control Board's support of the San Francisco Estuary Project Management Conference.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on July 22, 1993.
